NATUREWALK

COMMUNITY DEVELOPMENT DISTRICT AGENDA

Walton Area Chamber of Commerce 63 South Centre Trail, Santa Rosa Beach, FL 32459

District Board of Supervisors	Jonette Coram Todd Egizii Mike Grubbs	Chairman Vice Chairman Assistant Secretary
District Manager	Kimberly O'Mera	Rizzetta & Company, Inc.
District Counsel	Joseph Brown	Kutak Rock LLP
District Engineer	James Martelli, P.E.	Innerlight Engineering Corporation
Bond Counsel	Cynthia E. Wilhelm	Nabors, Giblin & Nickerson, P.A.

**All Cellular phones and pagers must be turned off while in the meeting room.
The District Agenda is comprised of five different sections:**

The regular meeting will begin promptly at 12:00 PM with the first section which is called **Audience Comments on Agenda Items**. The Audience Comment portion of the agenda is where individuals may comment on matters that concern the District. Each individual is limited to three (3) minutes for such comment. The Board of Supervisors or Staff is not obligated to provide a response until sufficient time for research or action is warranted. **IF THE COMMENT CONCERNS A MAINTENANCE RELATED ITEM, THE ITEM WILL NEED TO BE ADDRESSED BY THE DISTRICT MANAGER OUTSIDE THE CONTEXT OF THIS MEETING.** The second section is called **Business Administration**. The Business Administration section contains items that require the review and approval of the District Board of Supervisors as a normal course of business. The third section is called **Staff Reports**. This section allows the District Manager, Engineer, and Attorney to update the Board of Supervisors on any pending issues that are being researched for Board action. The fourth section is called **Business Items**. The business items section contains items for approval by the District Board of Supervisors that may require discussion, motion and votes on an item-by-item basis. If any member of the audience would like to speak on one of the business items, they will need to register with the District Manager prior to the presentation of that agenda item. Occasionally, certain items for decision within this section are required by Florida Statute to be held as a Public Hearing. During the Public Hearing portion of the agenda item, each member of the public will be permitted to provide one comment on the issue, prior to the Board of Supervisors' discussion, motion and vote. Agendas can be reviewed by contacting the Manager's office at (850) 334-9055 at least seven days in advance of the scheduled meeting. Requests to place items on the agenda must be submitted in writing with an explanation to the District Manager at least fourteen (14) days prior to the date of the meeting. The final section is called **Supervisor Requests and Audience Comments**. This is the section in which the Supervisors may request Staff to prepare certain items in an effort to meet residential needs and provides members of the audience the opportunity to comment on matters of concern to them that were not addressed during the meeting.

Public workshops sessions may be advertised and held in an effort to provide informational services. These sessions allow staff or consultants to discuss a policy or business matter in a more informal manner and allow for lengthy presentations prior to scheduling the item for approval. Typically no motions or votes are made during these sessions.

Pursuant to provisions of the Americans with Disabilities Act, any person requiring special accommodations to participate in this meeting is asked to advise the District Office at (850) 334-9055, at least 48 hours before the meeting. If you are hearing or speech impaired, please contact the Florida Relay Service at 7-1-1, who can aid you in contacting the District Office.

Any person who decides to appeal any decision made by the Board with respect to any matter considered at the meeting is advised that this same person will need a record of the proceedings and that accordingly, the person may need to ensure that a verbatim record of the proceedings is made, including the testimony and evidence upon which the appeal is to be based.

Board of Supervisors
**NatureWalk Community
Development District**

AGENDA

Dear Board Members:

The regular meeting of the Board of Supervisors of the NatureWalk Community Development District will be held on **Thursday, November 3, 2022, at 12:00 p.m. (CDT)**, at the Walton Area Chamber of Commerce located at 63 South Centre Trail, Santa Rosa Beach, FL 32459. The following is the agenda for this meeting:

1. **CALL TO ORDER/ROLL CALL**
2. **PUBLIC COMMENT**
3. **BUSINESS ADMINISTRATION**
 - A. Administration of Oath of Office Tab 1
 - B. Consideration of Resolution 2023-01, Canvassing and Certifying Results of the November 3, 2022, Landowner Election Tab 2
 - C. Consideration of Resolution 2023-02, Appointing and Removing Officers of the District Tab 3
 - D. Consideration of the Minutes of the Board of Supervisors Meeting held on October 27, 2022 Tab 4
4. **BUSINESS ITEMS**
 - A. Consideration of Improvement Request- 239 Flatwoods Forest Loop Tab 5
5. **STAFF REPORTS**
 - A. District Counsel
 - B. District Engineer
 - C. District Manager
 1. Review of District Manager Report (under separate cover)
6. **SUPERVISOR REQUESTS AND COMMENTS**
7. **ADJOURNMENT**

I look forward to seeing you at the meeting. In the meantime, if you have any questions, please do not hesitate to call us at (850) 334-9055.

Sincerely,
Kim O'Mera
Kim O'Mera
District Manager

RESOLUTION 2023-01

A RESOLUTION OF THE BOARD OF SUPERVISORS OF THE NATUREWALK COMMUNITY DEVELOPMENT DISTRICT CANVASSING AND CERTIFYING THE RESULTS OF THE LANDOWNERS ELECTION OF SUPERVISORS HELD PURSUANT TO SECTION 190.006(2), FLORIDA STATUTES, AND PROVIDING FOR AN EFFECTIVE DATE

WHEREAS, the NatureWalk Community Development District (“District”) is a local unit of special-purpose government created and existing pursuant to Chapter 190, *Florida Statutes*, being situated entirely within Walton County, Florida; and

WHEREAS, pursuant to Section 190.006(2), Florida Statutes, a landowners meeting is required to be held within 90 days of the District’s creation and every two years following the creation of the District for the purpose of electing supervisors of the District; and

WHEREAS, such landowners meeting was held on November 3, 2022, the Minutes of which are attached hereto as Exhibit A, and at which the below recited persons were duly elected by virtue of the votes cast in his/her favor; and

WHEREAS, the Board of Supervisors of the District, by means of this Resolution, desire to canvas the votes and declare and certify the results of said election.

NOW THEREFORE, BE IT RESOLVED BY THE BOARD OF SUPERVISORS OF THE NATUREWALK COMMUNITY DEVELOPMENT DISTRICT:

Section 1. The following person is found, certified, and declared to have been duly elected as Supervisor of and for the District, having been elected by the votes cast in their favor as shown:

_____	Seat 1	Votes _____
_____	Seat 2	Votes _____
_____	Seat 3	Votes _____

Section 2. In accordance with Section 190.006(2), Florida Statutes, and by virtue of the number of votes cast for the Supervisor, the above-named person is declared to have been elected for the following term of office:

_____	4 Year Term
_____	4 Year Term
_____	2 Year Term

[CONTINUED ON FOLLOWING PAGE]

Section 3. This resolution shall become effective immediately upon its adoption.

PASSED AND ADOPTED THIS 3rd DAY OF NOVEMBER, 2022.

MINUTES OF MEETING

Each person who decides to appeal any decision made by the Board with respect to any matter considered at the meeting is advised that the person may need to ensure that a verbatim record of the proceedings is made, including the testimony and evidence upon which such appeal is to be based.

**NATUREWALK
COMMUNITY DEVELOPMENT DISTRICT**

The special meeting of the Board of Supervisors of the NatureWalk Community Development District was held on **Thursday, October 27, 2022, at 12:00 p.m.** at the Walton County Coastal Branch Library, located at 437 Greenway Trail, Santa Rosa Beach, FL 32459.

Present and constituting a quorum:

Jonette Coram	Board Supervisor, Chairman
Todd Egizii	Board Supervisor, Vice Chairman
Mike Grubbs	Board Supervisor, Assistant Secretary

Also present were:

Joe Brown	District Counsel, Kutak Rock, LLP <i>(Via Speakerphone)</i>
Jim Martelli	District Engineer, InnerLight Engineering <i>(Via Speakerphone)</i>
Kimberly O'Mera	District Manager, Rizzetta & Company, Inc. <i>(Via Speakerphone)</i>
Brandon Henderson	GreenEarth
Jess Smith	GreenEarth
Audience	No Audience Present

FIRST ORDER OF BUSINESS

Call to Order

Ms. O'Mera called the meeting to order at 12:00 p.m.

SECOND ORDER OF BUSINESS

**Audience Comments on Agenda
Items**

There were no audience or comments.

THIRD ORDER OF BUSINESS

**Consideration of Minutes of the Board
of Supervisors' Meeting Held on
October 6, 2022**

Ms. O'Mera presented the Minutes of the Board of Supervisors Meeting held on October 6, 2022, to review. Line 61 had a correction, needing to add "Ms.".

On a Motion by Ms. Coram, seconded by Mr. Egizii, with all in favor, the Board of Supervisors approved the Minutes of the Board of Supervisors' Meeting held on October 6, 2022, with noted revision, for NatureWalk Community Development District.

FOURTH ORDER OF BUSINESS

Staff Reports

A. District Counsel

Mr. Brown said that there were no real updates on undeveloped parcel activity since the last meeting. General discussion ensued.

B. District Engineer

Mr. Egizii asked for an update on Phase 3 parking. Mr. Martelli confirmed that he had reviewed the project briefly, and he believes the addition appears to be possible. Mr. Martelli will review the project with the County within the week and believes the addition may be considered a less-than-minor development order amendment. Mr. Martelli will try to have an update for the Board at the next meeting scheduled to be held on November 3, 2022.

C. District Manager

Review of District Manager Report

Ms. O'Mera gave the Board an update on the timeline for producing updated Financial Statements and Board packages. She informed the Board that Encroachment letters were sent to four (4) property owners this week. Ms. O'Mera will update the Board on the progress as communication is received from the owners. Ms. O'Mera informed the Board that a few homes need clarification as to whether an encroachment exists based on the available aerial images and stated she might require some help and insight from Mr. Martelli. Ms. O'Mera informed the Board that the District accepted a settlement in the amount of \$3,155.00 from Waste Management's carrier for the curb and road damage on Cinnamon Fern Alley. Ms. Coram and Mr. Egizii inquired about setting PIN's for the District debit cards. General discussion ensued.

FIFTH ORDER OF BUSINESS

**Consideration of Landscape
Maintenance Addendum- GreenEarth**

Ms. O'Mera turned the discussion over to Ms. Coram. Coram gave an overview of the revised addendum for services. Mr. Egizii requested clarification on tree trimming and if GreenEarth would be trimming trees that were up to eight (8) feet in height or if they are trimming up to eight (8) feet of the trees. Mr. Henderson clarified they would trim up to eight (8) feet of the trees. Mr. Grubbs inquired about the exclusion of palm trees. Discussion ensued regarding GreenEarth contracting out the palm tree trimming with the same vendor that will do the arbor work in hopes this will secure a discounted rate for the two services. Ms. Coram inquired on the timing of arbor work service as this is generally done in the spring while palm trimming is generally done in the summer. Mr. Henderson felt as though this would still be possible. Ms. Coram had questions regarding shrub pruning. She suggested removing the "and." On page 8. Pest treatments were discussed and will be further discussed in January 2023.

On a Motion by Mr. Egizii, seconded by Ms. Coram, with all in favor, the Board approved Landscape Maintenance Addendum for GreenEarth effective January 1, 2023, in the amount of \$9,907.25 per month, for NatureWalk Community Development District.
--

SIXTH ORDER OF BUSINESS

**Ratification of Acceptance of Curb
Repair- Pat Shae's Concrete, Inc.**

Ms. Coram gave an overview of the proposal from Pat Shae's Concrete. Ms. Coram stated there is a \$370.00 difference between the settlement from Waste Management's carrier and the proposal. She informed the Board this has been signed and the District is waiting for a date for scheduling. Ms. Coram met with the contractor and is waiting on two different proposals for sidewalk repairs. The contractor presented two options for sidewalk repairs. Option one would be to rip up the sidewalk and the second proposal option is to grind the sidewalk to level it, so it is no longer a trip hazard. Ms. Coram would like to look for a different vendor and she does not like either option. General discussion ensued. The Board was in agreement with Ms. Coram.

On a Motion by Ms. Coram, seconded by Mr. Egizii, with all in favor, the Board ratified Acceptance of Curb Repair by Pat Shae's Concrete, Inc., in the amount of \$3,525.00, for NatureWalk Community Development District.

SEVENTH ORDER OF BUSINESS

**Consideration of 2022 Holiday
Lighting Installation- HOA**

Ms. O'Mera stated that the vendor had begun the lighting installation ahead of schedule. General discussion ensued.

On a Motion by Ms. Coram, seconded by Mr. Egizii, the Board approved the Holiday Lighting install on the main bridge through existing contract, using only white lights, for NatureWalk Community Development District.

EIGHTH ORDER OF BUSINESS

**Consideration of Request for Special
Holiday Lighting**

Ms. O'Mera presented the request from a landowner to install colored filters on the up-lighting on the bridge for holiday events. Ms. Coram stated that she had asked the owner not to do this, but they did anyway. Discussion ensued concerning a potential for complaints and/or damages to the lighting.

On a Motion by Mr. Egizii, seconded by Mr. Grubbs, with all in favor, the Board denied request for Special Holiday Lighting, for NatureWalk Community Development District.

NINTH ORDER OF BUSINESS

**Continued Discussion and Consideration
of Action Item List**

Ms. Coram gave an overview of the Action Item List and updates on Flock Camera. Discussion ensued.

On a Motion by Mr. Egizii, seconded by Mr. Grubbs, with all in favor, the Board approved Staff to incorporate an Addendum with Flock Camera that would include a second camera in the event the HOA decides to cancel their service with Flock Camera, for NatureWalk Community Development District.

TENTH ORDER OF BUSINESS

Supervisor Requests and Comments

Ms. Coram stated she met with Eddie Diaz regarding paver repairs. She stated that she was not given a proposal. Mr. Diaz wanted her to approve him to work on pavers at \$45.00 an hour plus material. Ms. Coram stated that she is not comfortable moving forward without a written proposal. General discussion ensued. A request for proposal was requested once more but there has not been any further communication with him. The Board would like Ms. O'Mera to look into other vendors for proposals.

Mr. Brown gave overview on the upcoming Landowner Election meeting scheduled for November 3, 2022. General discussion ensued.

ELEVENTH ORDER OF BUSINESS

Adjournment

On a Motion by Ms. Coram, seconded by Mr. Egizii, with all in favor, the Board adjourned the meeting at 1:09 pm, for the NatureWalk Community Development District.

972-365-6588

**RE: Jurisdictional Wetland Assessment – 239, 247, and 269 Flatwood Forest Loop road
Walton County Parcel: 11-3S-19-25010-000-1230, 11-3S-19-25010-000-1240, 11-3S-
19-25010-000-1250, and a portion of 11-3S-19-25010-000-AAA**

Dear Laureen London:

Biome Consulting Group, LLC (Biome) has completed a jurisdictional wetlands and waters assessment of the above referenced property. Our assessment included an analysis of vegetative cover and composition, wetland hydrology indicators and hydric soil indicators in accordance with state and federal procedural guidelines. The following is meant to be used as a brief summary of site results and the regulatory agencies' potential involvement with this property.

Biome conducted a jurisdictional wetland assessment of the subject parcel on September 28, 2022. **The results of the site visit indicate that the property consists of 0.48 acres of uplands and 0.11 acres of wetlands.** We note that these calculations are based on an inspection boundary approximated from the county property appraiser's depiction of the property boundary. An actual boundary survey may result in slightly different calculations. The following is a brief, technical summary of our findings relative to the regulatory agencies' potential involvement with this property:

- 1. General Observations:** The site consists of three single family homes and a portion of undeveloped land located along the western boundary of the homes. The vegetation on portions of the property has died as the result of historic fill that was the result of the filling of the subdivision. Many black titi (*Cliftonia monophylla*) died as a result of restricted respiration from the fill around the bases of the trees;
- 2. Vegetation:** The upland area is dominated by longleaf pine, live oak, red cedar, Darlington oak, yaupon holly, bracken fern, and wiregrass, and the wetland area is dominated by black titi, sweetbay magnolia, tall gallberry, and swamp red bay;
- 3. Soils:** The NRCS soil survey indicates that the property is underlain by the Foxworth (non-hydric) and Dorovan (hydric) soil types, which was confirmed by on-site soil pit excavation. The S5 Sandy Redox indicator was present below the jurisdictional line and absent above;
- 4. Hydrology:** Observed on-site hydrologic indicators include multi-trunking.

State & Federal Wetland Jurisdiction

The Site was delineated according to state rule chapter 62-340, Delineation of the Landward Extent of Wetlands and Surface Waters. This rule's intent is to provide a unified statewide methodology for the delineation of the extent of wetlands and surface waters to satisfy the mandate of Section 373.421, F.S. This delineation

methodology is intended to approximate the combined landward extent of wetlands as determined by the state Water Management District and the Florida Department of Environmental Protection (FDEP). For projects that do not have wetland impacts within 300' of MHWL/OHWL, the state 62-340 delineation prevails and the FDEP is the permitting authority for impacts to 404 wetlands under 62-331.

More information can be found at: <https://floridadep.gov/water/submerged-lands-environmental-resources-coordination/content/state-404-program>

Results: The wetland parameters necessary for the state and federal agencies to exert jurisdiction are present on the site.

Local Jurisdiction – Walton County

In addition to state and federal wetland jurisdiction, Walton County has specific Land Development Codes that may affect the development of this property. Restrictions such as stormwater and a 25' wetland buffer may apply to this location. Please contact Walton County for more information:

<https://www.co.walton.fl.us/77/Permits>

Wetland Permitting

Biome Consulting Group has extensive experience permitting an assortment of projects and we are happy to assist and answer any potential questions you may have. For general information on wetland permitting, please visit <http://www.biome.co/before-you-build/wetland-permitting.php>. For specific information about permitting your project or property, please contact our permitting staff at:

- Rayne Mattson at rayne@biome.co (850-435-9367)
- Chris Bosso at chris@biome.co (850-434-1935)

The basic premise of the dredge and fill program is that no discharge of dredged or fill material may be permitted if: (1) a practicable alternative exists that is less damaging to the aquatic environment or (2) the nation's waters would be significantly degraded. What this means is when you apply for a permit, you must show that you have, to the extent practicable:

- Reasonably avoided all wetland impacts;
- Minimized potential impacts on wetlands; and
- Provide compensation for any remaining unavoidable impacts.

CONCLUSION

Based on our thorough assessment, we have determined that **0.48 acres** of the property is upland with **0.11 acres** of wetlands and other waters within state and federal jurisdiction. As such, any proposal to develop the wetland portion of the property or any ditch in the road right-of-way adjoining the property will require federal and state permits. We note that these calculations are based on an inspection boundary approximated from the county property appraiser depiction of the property boundary. An actual boundary survey may result in slightly different calculations.

A wetland delineation performed by an ecological consultant represents the professional opinion of the scientist that performed the work. Only the regulatory agencies can establish a legal and binding jurisdictional boundary. Such can be obtained by submitting a permit application and waiting several months for processing. For the purposes of local government permitting (e.g. building permit) this letter should suffice.

This report is intended for the sole use by the above listed addressee and the CDD. Its contents may not be relied upon by other parties without the written consent of Biome Consulting Group.

We also note that there are many dead trees within the subject area. It is our recommendation that the dead vegetation be removed to reduce the fuel potential in case of an uncontrolled burn. The areas within the upland could be replanted with native vegetation but the wetland areas would need prior authorization before planting.

This concludes our assessment of the target property. If you require additional information, assistance, or clarification, please give us a call at 850.435.9367 or visit <http://www.biome.co/> . We look forward to being of assistance to you in the future.

Sincerely,
Biome Consulting Group

Sean O'Toole
Ecological Consultant
Partner

1004 London, Lauren Flatwood Forest Loop

Attachment: Wetland Jurisdiction Map

Note: Conservation Easement

It stipulates in the conservation easement that specific conditions are allowed within the conservation easement that includes the removal of nuisance and exotic/invasive species. The dead vegetation clearly could be identified as a nuisance for public safety as well as fire safety, so my interpretation is that the removal of the dead trees would not be contrary to the spirit of the conservation easement.

As pertains to the replanting of two trees within the upland sliver within the conservation easement, the whole purpose of the conservation easement is to maintain forever the property in its natural state in perpetuity. The planting of native trees to replace dead trees would clearly be in the spirit of this goal. The FDEP would need to authorize any planting within the wetlands but it is my opinion that planting the two trees within the upland would be allowed and would conform with the specific conditions of the conservation easement. Hopefully this email will give the Management company comfort in allowing you to plant the replacement native trees to replace what has been lost.
